

BRENTWOOD TO HAVE TABLET FOR HERO DEAD

Committee Arranging for Exercises to Be Held on the Fourth of July.

The town of Brentwood anticipates a rousing celebration Fourth of July. A committee of the town has been arranged for the construction of a memorial tablet to the dead heroes of the Civil war and of the World's war who were from Brentwood. The tablet will be six feet in height and will rest on a granite base.

The committee are well known citizens of Brentwood. Arthur W. Dudley, J. R. Rowe, John Swaggy, Ernest Sanborn and Charles Danders. It is expected that the memorial piece will be ready to be put in place to be dedicated July 4th.

GERMANY HAS FAILED TO DESTROY ALL ARTILLERY PIECES

(By Associated Press)
Paris, May 28.—Germany has submitted a statement to the Allied Control Commission declaring that 23,000 pieces of German artillery remained to be destroyed and that 800 have already been broken up according to a Paris newspaper.

JAPS AND RUSSIANS CALL OFF END FIGHT IN SIBERIA

London, May 28.—Hostilities between the Russians and Japanese in Siberia ceased on May 25 according to a dispatch from Vladivostok dated Wednesday. The dispatch also reports the arrival of the Russo-Japanese Armistice commission at Khabarovsk.

TWO KILLED AND THREE INJURED IN STRIKE RIOT

(By Associated Press)
Bristol, R. I., May 28.—Two strike sympathizers were shot and three guards injured by stones during a riot today outside the plant of the National India Rubber Co., where a strike is in progress. The trouble started with the arrival of a morning train bringing women glyks, mechanics and other employees whose work had not stopped with the closing of the mill. It lasted about 15 minutes and resulted in the sounding of the riot call, the fire alarm calling out other available special policemen. A crowd of several hundred strike sympathizers including a number of women, met the train and after trying unsuccessfully to in-

LITTLE CHANCE OF KILLING PEACE VETO

Not Believed the House Can Muster Enough Votes to Throw It Down.

(By Associated Press)
Washington, May 28.—Republicans generally considered today if there was any chance of over-riding the veto.

duce the twenty or more clerks and others aboard to keep away from the mill, attacked them. Women in the mob pulled the hair of clerks and several of them were roughly handled. When the clerks started for the mill the crowd followed shouting and jeering. The mob was prevented from entering the mill after the clerks by special guard of 45 men who have been on duty outside the plant during the strike. Stones flew thick and fast and after three of the guards had been struck their companions opened fire with their revolvers. One wounded man was taken to a hospital in Providence. The three guards were not seriously hurt physicians said.

BOLSHEVIKI AND POLES STILL AT IT

(By Associated Press)
London, May 28.—The Bolsheviks are advancing along the Kiev region and are engaged in fighting on the second fortified line of the Poles north east of that city. It is announced in Thursday's official statement by the Soviet Government received by wire from Moscow today. The statement says the fighting line runs 10 miles northeast of Kiev.

TWO COTTAGES BURNED AT WALLIS SANDS

Guertin and Kirkpatrick Summer Homes Destroyed; Other Cottages in Danger.

Fire which started in the cottage of Bishop George A. Guertin just before noon today spread so rapidly that for a time the entire string of cottages on Wallis Sands were in danger of destruction. The Guertin cottage was burned to the ground.

Flames spread to the cottage of Robert J. Kirkpatrick and this was soon destroyed. The cottage owned by Dr. Hedden next caught, but the volunteer firemen were successful in saving it, although it was badly damaged.

The entire cottage colony, nestled by men from Iye and Portsmouth were out in force and did good work with buckets.

The loss will reach \$15,000. No one knew how the fire started.

NEW SILENT COPS ARE NOW IN PLACE

The new silent policemen, a great improvement on the old ones, were placed at their stations on Thursday for the summer. The gruff words did the job and deserve much credit for the latest arrangements in highway protection.

The red lights for night will be handled by the police who are much pleased to see the new cops out on the job.

SAY DIAZ IS HOSTILE TO NEW REGIME

(By Associated Press)
Veracruz, May 28.—Diaz who was reported yesterday to have assumed an attitude hostile toward the new regime in Mexico has in fact notified the authorities that he is friendly to the government. He is waiting decision of the new government relative to his quitting Mexican soil. Authorities here have received this definite information from Diaz and have forwarded it to the Capital.

GOMPERS AND GOV. ALLEN WILL DEBATE

(By Associated Press)
New York, May 28.—Samuel Gompers, President of the American Federation of Labor and Governor Allen of Kansas will debate here tonight on the merits of the recently enacted Kansas industrial court law. No official decision will be made as to the query. Allen B. Parker of this state will preside.

Special meeting of Larkin Club at A. O. U. Hall, Saturday evening at 8.30. A full attendance is looked for. Business of importance to be transacted.

JOHN ORRIS, President.

SYRACUSE FIRM FINED \$31,000 FOR PROFITEERING

(By Associated Press)
Syracuse, N. Y., May 28.—Convicted of conspiracy and profiteering in the sale of men's wearing apparel, Weeden, clothing retailers of Birmingham and Gordon H. Smith, general manager of the concern, were jointly fined \$31,000 here this morning in the federal court. In passing sentence Judge Marston of the circuit court of appeals who presided over the trial declared that the only thing which saved Smith from the law made it possible for the judge to impose the fine that he was not financially interested in the business.

CENSUS RETURNS

(By Associated Press)
Washington, May 28.—Census returns announced today included Brookline, Mass., 37,748, increase 9958 or 26.8 per cent; Newton, Mass., 46,038, increase 6232 or 15.7 per cent; Peabody, Mass., 19,562, increase 3831 or 24.4 per cent; Melrose 18,201, increase 2189 or 15.8 per cent.

CALL MILITIA TO QUELL RIOT IN BRISTOL

(By Associated Press)
Providence, R. I., May 28.—Governor Beekman has issued a proclamation declaring that as a result of the strike of the National India Rubber Co., employees at Bristol this morning the town is in a state of insurrection. He has ordered out three companies of militia to guard the Company's property.

(By Associated Press)
Washington, May 28.—By a vote of 4 to 3 the Senate Agricultural Committee today ordered a favorable report on the McNary bill providing for an embargo on sugar.

CLEAN AND SAFE MILK

A safe milk supply is equally of the same vital importance to the community as is

A SAFE WATER SUPPLY

MILK is the cheapest and most perfect food. It is also a good food for germs. It is absolutely known that raw milk may cause typhoid fever, scarlet fever, diphtheria, sore throat, and tuberculosis.

PERFECTLY PASTEURIZED MILK IS SAFE

It is milk that has been quickly heated to a temperature of 145 degrees—held at that temperature for 30 minutes—then quickly cooled to below 50 degrees and kept cool. That is all. Science has proven that this process kills the dangerous bacteria that may be in the milk.

The milk is not altered chemically—it is unchanged in food value, digestibility or flavor. But it does make the milk SAFE—and, if kept cold, greatly prolongs its keeping.

Confident that the people of Portsmouth are not less progressive than other cities—many communities demand it exclusively—we have made available for this city an adequate supply of clean, fresh, perfectly Pasteurized Milk.

A modern central creamery, equipped with the latest scientific apparatus for the pasteurizing, economical handling and refrigerating of milk and cream, and the washing and sterilization of cans and bottles enables us to offer this superior product at no advanced price—15c per qt.

ALL THE NEWS FROM KITTERY

Kittery, May 28.—This evening the prayer meeting at the First Methodist church at North Kittery meets at 7:30 o'clock, standard time. The pastor is giving a series of talks on "Essentials for Soul Winners." His theme:

Mrs. Fred Gile of Walker street left this morning to pass the week end and holiday at her former home in Fenwick, N. H.

Plans are being made for a "circus" to be held on June 30, by a local organization, details of which will be given later.

Mrs. Kneeland and daughter have moved from Government street to Newmarket street.

Premont Allen of North Berwick has been a recent visitor in town.

Miss Doris Newton of Commercial street, who has been ill the past few days is able to go out.

Mrs. W. D. Kendall of Olds avenue has returned from a visit to her son in Haverhill, Mass.

Mrs. Abbie Bland of Locke's Cove is restricted to her home by illness, the result of a bad fall.

Mrs. Norman Smith of Government street has been ill the past few days.

Fred Casavant of South Berwick was a visitor in town on Thursday on business.

The Ladies' Auxiliary to Canton High, P. M., meets this evening.

J. Samuel Wendell was the guest of the brother-in-law on Thursday.

The boys' class at the Second M. E. Sunday school taught by Miss Mildred Gerry, met on Thursday evening at the home of their teacher, and organized, to be known as "The Champions." The following officers were elected: President, John Follows; vice president, Rodney Fife; secretary, Albert Mearns; treasurer, George McDonald; chairman of membership committee, Harold Farrington. After the business was concluded games were enjoyed and light refreshments served.

Mrs. Blanche Adams Young of Rochester gave a very pleasing entertainment, consisting of readings, at the People's Society Building at North Kittery on Wednesday, which was well attended and greatly enjoyed. Mrs. Young was entertained by Mrs. Emily Pierce.

The cemetery is being put in good condition for the Memorial day exercises.

George H. Clark of Cape Neck was calling on relatives here on Thursday.

Charles Hanson of Echo street received slight injuries recently while at his work at the navy yard.

Mrs. J. Samuel Wendell and daughter June of Woodhaven avenue passed Thursday with friends in Portsmouth.

Mrs. Gay Horrocks of Pleasant street has returned from a visit to her parents in New Britain, Conn.

Mrs. Emily Pierce and Mrs. Harry Cook of North Kittery were visitors in Dover on Thursday.

Mrs. Warren Roberts of North Berwick was calling on relatives in town on Friday.

Miss Agnes Fernald of the Intervenor has taken employment in Portsmouth afternoons.

Mrs. Charles Keene of Lawrence is the guest of her sister, Mrs. Arthur Weeks of Rogers road.

Mrs. and Mrs. Joseph Cuenca of Government street were visitors in Portland on Friday.

Miss Clyde Spinney of Portsmouth was calling on relatives in town Thursday afternoon.

Members from Canton J. H. Dour, born, Patriarch Militant, of Biddeford, will come to Kittery tonight to attend the third assembly of the First Battalion. The trip will be made by automobile, and their arriving by a banquet will be served.

Memorial Sunday will be observed on Sunday at the First Methodist church at North Kittery, and the pas-

tor, Rev. B. F. Wentworth, has prepared a special sermon, his subject to be "Soldiers Always." The local patriotic organizations have been invited to attend. There will be special music.

Mark W. Paul of Government street is reported as being ill.

KITTERY POINT

Kittery Point, May 28.—Mr. and Mrs. S. O. Hayener of Morgantown, West Virginia, called on relatives in town on Thursday.

Prof. Roland Thaxter, Mrs. Thaxter and daughter Miss Katherine of Cambridge, Mass., motored down on Thursday to spend a few days at their summer residence on Cutts Island.

Miss Katherine Jenkinson of Boston has arrived in town and opened her cottage at Cutts Island for the summer.

Miss Bernice Billings who has been attending Gordon Bible College for the past year, returned to her home here on Thursday for the summer vacation.

Mrs. Henry Tuck, who spends her summers at her cottage on Crockett's Neck road, will not come this summer, as she is planning a trip abroad for several months.

Mrs. Albert Fernald of Portsmouth spent Thursday with her daughter Mrs. Clarence Drew.

Mrs. Simeon d'Entremont and infant son returned to her home from the Portsmouth Hospital today.

Miss Quessie Phillips delightfully entertained the members of the S. V. embroidery club at her home on Thursday evening. The evening was spent in a social manner and also music was a pleasant feature. Delicious refreshments were served by the hostess.

Mrs. Everett Swain and two children have returned to their home on Norton road after a week's visit with relatives in Yarmouth, Me.

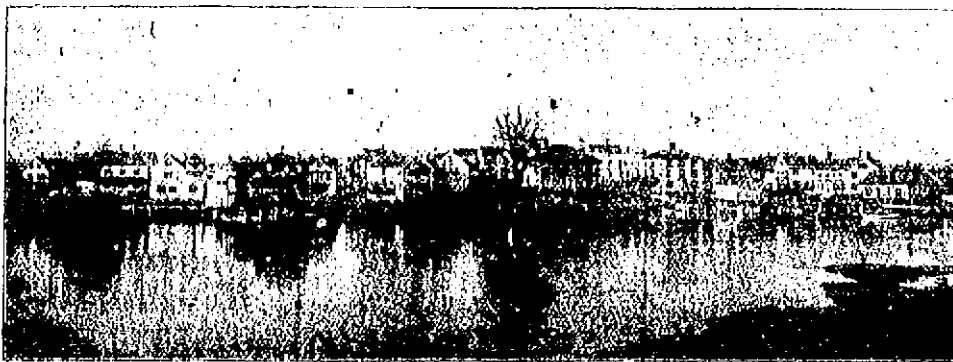

Mrs. Frank Morse and son Kenneth spent Thursday calling on relatives in Kittery.

Mr. and Mrs. A. L. Tuttle of Pepperell Hotel, are spending a few days at their former home in South Berwick.

A meeting of Henry Wallingford Post, American Legion, which was held at the fire house, Kittery, was well attended by members from this part of the town.

Mrs. T. B. Hoyt who was called to

SCENE ALONG SOUTH END WATER FRONT SHOWING SEVERAL OF THE OLD HISTORIC DWELLINGS

This scene shows some of the old figures in the excellent paintings of Gates street to a point near the South Mill Bridge. Wallace Nutting and the Tobias Lear house rich in ancient history. The picture covers the shore from foot of Wentworth-Gardner, dwelling which

located on Thursday by the section illness of her brother, Stephen J. Fayer, reported last evening that he was resting a little more comfortably.

Captain Fred Chase, formerly of this place, who underwent a surgical operation in a Brooklyn hospital recently, is now reported as slowly gaining which is pleasing news to his many friends here.

Parkfield Hotel will open for the season on Saturday with a number of guests scheduled for the week end and Memorial Day. Henry Moore Jr., of New York who purchased the hotel from the government this spring has made the place very attractive and home-like. He expects a good season and many guests who have not been here for several years will come for the summer season.

Memorial exercises by the schools in town will be held this afternoon.

Miss Joseph Billings attended the gymnastic exercises at Boston Bible College Boston, on Wednesday.

PEPPERRELL COVE

Pepperrell Cove, May 28.—We have been for a week amidst the scenes of the upper Mesozoic at Exeter holding the Superior Court of Rockingham county dispense justice, but have not made much of a success of it, and some men being killed by being in an electric car accident near the line of Hampton Falls and Seabrook.

This car contained 12 Jaymen, three attorneys, including the county attorney, a deputy sheriff of Rockingham County, and was on the way to visit the scene of an accident of an automobile that is the basis of a trial in the Superior Court of Rockingham county in a wild electric car. It is a great wonder that all were not killed, all did get a good shaking up and two slightly injured. William Casey of this city and Frank Tait of Exeter. The accident rests on the deputy sheriff. If he had sent the party in the auto as the Judge told him to send it, it would never have occurred. The Judge in this case may wear the gown, but the deputy wears the crown.

The River and Harbor appropriation bill will be disagreement, the House will bring it at \$12,000,000 and the Senate bill at \$24,000,000.

The death of Mrs. Adams recalls three sudden deaths on Crockett Neck, Mr. Frank Bond by drowning; Miss Boyd by the railroad accident, and Mrs. Adams by burning. All great friends of each other.

GREENLAND

Greenland, May 27.—Miss Mary E. Leavitt has been spending several days in Boston and vicinity.

Rev. Joseph Haskell of Boston has accepted the pastorate of the Congregational church and will commence his work here on the first Sunday of June.

Rev. C. C. Shedd of Salisbury will exchange pulpits with Rev. Otis S. Tread Sunday.

Mrs. Blais Wentworth has returned from Waltham, Mass., where she has been spending the winter.

Mrs. E. N. Cary is the guest of relatives in Portsmouth.

A demonstration of aluminum ware was held at the home of Mrs. C. A. Smith this evening, under the direction of the Ladies' Aid.

WHAT THE PEOPLE SAY ABOUT HERALD'S ADVERTISING COLUMNS

Here are a few of the expressions and compliments coming from the readers of the Herald, each one showing appreciation for the results obtained from the advertising columns. The value of the columns are more and more realized by the people.

H. C. Phillips, Richards, Ave.: Take out the "ad" sold the house and the furniture. The Herald certainly made quick work of it for me. I used your paper alone.

Mrs. Vogel, wife of Captain Vogel at Fort Constitution: I was so glad to get my umbrella which I lost in the Colonial Theatre. The lost ad in "The Herald" brought it to me.

"Please take out the ad for lost milk for week please. It has been forwarded to me at Hyde Park, Mass., by

the finder who read the ad in the Herald. It was quick work and I appreciate it."

"I sold all the furniture advertised Saturday," said Mr. Kauffman, in less than two hours after the Herald appeared and the purchaser came from Elliot. Please take out the ad at once.

A woman on Islington street advertised a baby stroller for sale and was nearly frantic with calls and so it goes with a paper for the people.

Mrs. Badger, Lincoln Ave.: "I thought you would like to know that the little dog advertised in Monday's Herald was returned in less than an hour after the Herald appeared and the small ad did it." The Herald receives dozens of these messages daily.

P. H. S. JUNIORS HOLD BANNER FROM SENIORS

Free-for-All Scrap Follows the Discovery of 1921 Disc Hanging From Pole Near School Grounds.

The "boys will be boys" was plainly evident this morning when members of the P. H. S. senior class on arriving at school this morning discovered the Junior banner hanging from the top of a telegraph pole in front of the building. The banner was in the form of a tin disc and painted upon it in the Junior class colors—blue and gold—were the figures "1921." The banner had been hung out some time during the night.

Immediately the light for possession of the banner was on and for an hour it was carried on in nearly all streets until finally the Juniors were successful in getting away with it. A senior went up the pole and cut

down the banner, throwing it down into the mob of waiting students. A free-for-all fight followed down Congress street into the Y. M. C. A. building where a senior with the banner tucked under his arm was attempting to make a get-away. In the mixup that followed the Juniors regained the banner, and placed it in hiding.

At recess time the tin disc was brought out again and the fight for possession of it was once more taken up by the seniors. Up State, Middle and Austin street the boys went fighting all the way.

On Austin street the Junior who had possession of the disc climbed aboard a moving automobile and giving orders to the driver to speed up was soon lost to the mob who were at his heels.

Where the disc is now only the Juniors know, for they have it hidden in a safe place, proud of the fact that they were able to keep it from going into the possession of the upper class men.

When the boys went back to school "Principal Gray refused to allow them and they were all "suspended" until next Tuesday. After three hearty beers for the school and Principal Gray the boys marched about the town streets having the time of their lives.

SOME STUNT BY A HEN

Clarence Pearson of South street is becoming quite a hen expert. His latest achievement or better still one of his hen's, accomplished what might appear to be a story of the Baron Munchausen variety rather than a matter of record. The hen in question hatched out of a setting of 11 eggs 11 1-2 chickens and all alive as well. The chicken and a half had one body and head but four legs. The two extra legs were just back of the regu-

lar pair, but were shorter and of no use to the chick. The little fellow did not do well, so after a few days of tenderly nursing it was humanly put out of the way by Mr. Pearson.

CAIN HAS NARROW ESCAPE WHEN HIS CAR IS HIT BY TRUCK

Maj. Orville E. Cain of Keene, who recently resigned as commander of the American Legion in this state, narrowly escaped injury here when the new roadster he was driving was struck by a truck owned by the Framingham Transportation company of Framingham, Mass.

Mr. Cain was driving along Nashua

street and as he passed the first truck the second, which was being towed, struck him. The truck, which was being towed, was badly damaged by fire several days ago and the work of the steering wheel was gone, leaving the machine in such shape that it was impossible for the driver to have control over the steering apparatus. Both of the men are being held pending further investigation.

The dress of both of the trucks were taken into custody by the police. The truck, which was being towed, was badly damaged by fire several days ago and the work of the steering wheel was gone, leaving the machine in such shape that it was impossible for the driver to have control over the steering apparatus. Both of the men are being held pending further investigation.

P. H. S. SENIORS SCORE BIG HIT IN CLASS PLAY

"Monsieur Beaucaire" Draws
Crowded House; Clever
Acting and Beautiful
Costumes.

After witnessing the play, "Monsieur Beaucaire," founded on Booth Tarkington's famous story, it was the verdict of the entire audience that the senior class of the Portsmouth high school scored a great success in the play so cleverly presented last evening.

The Assembly Hall of the high school was crowded to the doors with parents, relatives and friends of the students and former pupils of the school and all were highly pleased with the entertainment and gave evidence of their enjoyment by outbursts of applause.

The play is one which has been successfully produced in some of the big cities and required considerable good acting, but every member of the cast was excellent and deserving of high praise for his or her work.

Burnham E. Averill took the title role and as Monsieur Beaucaire made a pronounced hit. His acting was clever and he received much applause. The success of the play being due much to the capable manner in which he took the part.

Miss Billene Woods as Lady Mary Carlisle, took the leading female role, and displayed marked dramatic ability.

The costumes were very fitting to the period and a marked feature of the play. The ladies wore rich silk or satin gowns of the olden times, powdered hair and patches, while the young men wore satin or velvet and the entire effect made a pretty picture, which was enhanced by the attractive stage settings.

The High School orchestra furnished music for the occasion, under the direction of Ernest Dillbruck. Between the acts a pleasing vocal solo was given by Miss Edith Pearson and a well rendered vocal duet by Misses Lucille Jacques and Sarah Thomas.

The arrangements of the play were made by Philbrook Butler, stage manager; Melvin Chandler, business manager; Miss Marion Thompson, costume manager. The costumes were from the Hecker, Howe Company, Haverhill, Mass.

The senior class is much indebted to Mr. Dillbruck, musical director, and Misses Ruth Dow, Florence Hewitt and Bertha Wentworth on the high school teaching staff for their assistance in arranging for the play. Also to Miss Sypher, daughter of Captain Sypher U. S. N., who assisted in coaching the play. Miss Sypher had seen the play presented twice and gave great help in planning for its presentation.

The following is the cast:

Monsieur Beaucaire	Burnham E. Averill
Duke of Winterset	David Hartwell
Molyneux	John Regan
Harry Buckell	Richard Mergeson
Captain Badger	Joseph Hurley
Deau Nash	Robert Marvin
Lord Townbrake	Joseph Constantino
Randison	Philbrook Butler
Sir Hugh Gullford	Wyatt Wendell
Henri De Beaujolais	Morris Stewart
Marquis De Mirepolx	Paul Stella
Francols	Herbert Jackson
Servant to Deau Nash	Charence Redden
Winton	Douglas Richardson
Lady Mary Carlisle	Billene Woods
Lady Malbourne	Frances Howard
Lady Charles	Lucille Jacques
Lady Rellerton	Helen Newell
Batelle	Eleanore Huskell
Lady Barling-Gould	Katharine Pray
Marie	Lucille Curtis
Stage Manager—Philbrook Butler,	
Business Manager—Melvin Chandler,	
Costume Manager—Marion Thompson,	

ACT 1—Scene 1. A room in Beau-

caire's lodging. Scene 2. Lady Mary Carlisle's house.
ACT II—Scene 1. A park, late in the morning. Scene 2. The same, late afternoon. Scene 3. The same, evening.
ACT III—The Assembly room. One week later.

The members of the American Legion are planning to make a big turnout for the Memorial Day parade. Uniforms will be worn and Commander Wright hopes to have four hundred or more in line.

Indigestion and Kidney trouble, could not sleep, cured by taking Dr. Grady's medicine and two boxes of Dr. Grady's Liver Pills. Miss Clara Fisher, 64 Central Street, Lawrence, Mass.

Catarrh cured, and find it a pleasure to tell people about this cure. Mr. Albert W. Chapman, 22 Gillette Street, Nashua, N. H.

Throat and lung trouble cured. Mrs. Glinberg, 76 Factory Street, Nashua, N. H.

Stomach was weak. I had severe cough, also Catarrh. Dr. Grady's medicine cured me. I am 86 years old, and am the oldest man in the town of Holden, Mass.

Rheumatism and was unable to walk; cured. John Anglin, 19 Fulton Street, Worcester, Mass.

Dr. Grady is acknowledged to be the best physician in America in curing the above diseases. Try him and you will never regret it.

KEARSARGE HOUSE, Portsmouth,

FRIDAY, MAY 28

Office Hours 9 to 8 P. M.

Never before has such an opportunity been given the sick of this vicinity. If you are suffering, you should not fail to take advantage of it.

The sick multitudes crowd his office from morning till night, and at every visit the young, the old, the rich, the poor, all apply to Dr. Grady for relief and cure, so those wishing to see him should remember the Day and Office hours of his visit, and call early to avoid the crowded last hours.

People living in the country towns all over the state are not waiting; they are coming on every train to this city to be cured by Dr. Grady.

Dr. Grady will positively be at the Kearsarge House, Portsmouth, Friday from 1 o'clock until 8 o'clock in the evening to consult with and examine all cases free.

Appetite gone and could not sleep; cured. Miss Edith Brooha, 4 Harrison Street, Nashua, N. H.

Indigestion, had given up all hopes; cured. Mrs. Ellen McGrath, Box 14, Marion, Mass.

Catarrh cured, and recommends it to all sufferers. Mrs. W. H. Welch, 7 Clay Street, Nashua, N. H.

Throat and lung trouble cured. Mr. John E. Willsonder, 104 Main Street, Worcester, Mass.

Malaria trouble and pains in the stomach cured. Mrs. Katharine McArthur, 31 High Street, Nashua, N. H.

Stomach trouble cured. Mr. William Potter, Grafton, Mass.

Backache and headache cured. Mrs. Emily Schmidt, Salem, N. H.

Suffered five years; cured. Mr. J. Martin, 77 East Street, Malden, Mass.

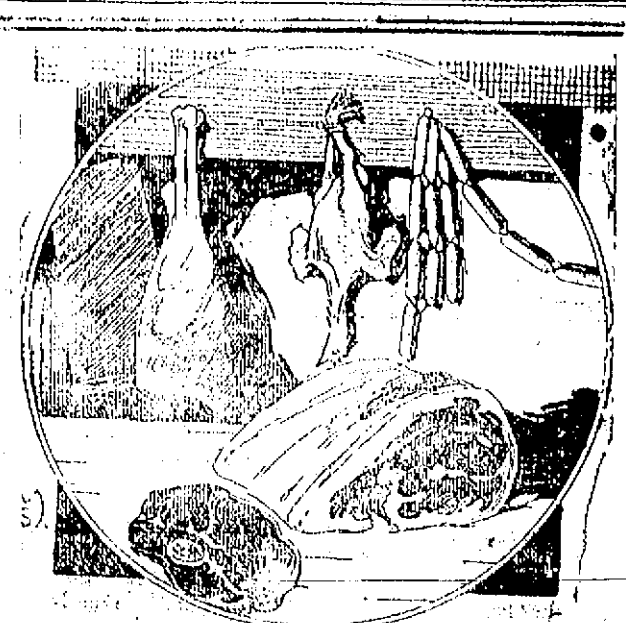

Lung trouble and catarrh cured. Mr. P. Sanford, 63 King Street, Nashua, N. H.

Saved my life. I regard my restoration to health a miracle. Mr. Martin Graham, 42 Mulberry Street, Lowell, Mass.

Quadruple bothered me for three years, did get no relief. Dr. Grady's medicine cured me. Mr. George A. Tupper, Box J, Foster Post 7, G. A. R., Nashua, N. H.

The names of many others cured who would not be published, except at Catarrh cured and all diseases of the throat, lungs, heart, stomach, and kidneys, rheumatism, asthma, chronic catarrh, indigestion, skin and chronic diseases.

Pain positively expelled in one hour. Consult the specialist on all nervous and chronic diseases.

The world-famous
Palace of Justice at Brussels—a monument
to the Belgian spirit of stability and progress

Belgium's Amazing Progress

BELGIUM is an inspiring example of the quick recovery of a war-torn country. Commerce, industry, transportation, and finance—the foundations of a nation's wealth—are being rapidly restored to the normal.

Belgium is at work. Belgium is producing. Her industries are, on an average, operating at about 75 per cent. of their pre-war capacity. Coal production is keeping pace with the restoration and expansion of her factories.

Belgium's commercial progress is remarkable. Her exports to Holland, France, Italy and Germany now surpass her imports. With England, she is approaching a balance of trade. By the end of 1920 it is expected that Belgium will have the advantage of a favorable trade balance.

Belgium is one of America's best customers. She is already buying from us as much as before the war.

Belgium's railroads, destroyed by the war, have been practically reconstructed, and freight and passenger traffic are moving freely.

The highly cultivated lands of Belgium are again producing their crop-quotas.

Belgium is nearly on her feet financially. Under the Peace Treaty she has a prior claim of 2,500,000,000 francs on the German indemnity.

This Company's office in Brussels was established to be of the fullest possible service to both American and Belgian interests during the work of rehabilitation and in the greater activities of the future.

Portsmouth, N. H., Friday, May 28, 1920.

Purely a Business Proposition.

While there is no doubt that there is some rent profiteering, particularly in the larger cities, there is no reason to believe that the abuse is as common and general as represented. On the other hand, it is doubtless true that the average landlord is receiving only fair returns on his investments, while, strange as it may seem, there are many cases in which, owing to the tremendous increase in the cost of maintenance, they are not getting the returns to which they are fairly entitled.

Because of the increase in rents, which in most cases has not been greater than the advance in the cost of labor and materials, the cry, "Rent profiteering!" has been raised and has swept all over this part of the country. There have been investigations and proposed, if not enacted, legislation in efforts to correct the condition, but the more the subject has been investigated the more clear it has become that the situation was one not to be straightened out off-hand; that there were two sides to the question and that the landlords as well as the tenants were entitled to be heard.

The matter was recently taken up in Boston, where it was decided that one in every ten landlords was profiteering. It is safe to say that this showing would not suffer by comparison with the records of profiteering in other lines. Furthermore, the investigation brought out the prediction that there will be little house building until conditions change, as at present prices of materials and cost of labor it is practically impossible to build a house that will pay fair interest on the investment.

In another New England city where it is claimed there is a serious shortage of houses a company of men proposed to form a syndicate and build fifty six-room houses, which are in active demand in that city, to rent or sell. They consulted contractors and found the houses could not be built much short of \$7,000 each, not including the cost of the lots, and the scheme was promptly laid on the table as impractical.

In this era of flushness and extravagance tenants are demanding much more than they formerly did. They want all the latest improvements. Houses built 25 years ago are largely out of date, even if they have been kept in the best of repair. Men who venture to build houses now for renting have to bear these facts in mind, and the fact that the enterprise is so uninviting is the cause of the shortage of houses. There is never a lack of men ready to invest money in real estate when there is a promise of fair returns, and there is no lack of such men now.

Just how and when the condition will end there is no telling. The one thing certain is that until there is a fair balance between costs of construction, maintenance and rents, there will be little building for investment purposes, a fact that might as well be faced first as last. "Hollering" will not do the business. With most building mechanics demanding nearly or quite one dollar an hour, and with common labor drawing from four to five dollars a day, the man who would be glad to invest in houses and tenements may be trusted to go slow until tenants are ready to pay proportionate rents without such complaining as is now heard.

These are the facts in the case, and talking and investigating will not change them. The housing problem is a business proposition, pure and simple, and one that must be met on a business, and not a sentimental, basis.

Investigation of pre-campaign expenses shows that the campaign managers are not conducting business with small change. According to reports, Governor Lowden of Illinois has spent nearly \$100,000 of his own money. It is not a good recommendation for a candidate for president of the United States.

The railroad managers are claiming that an increase in freight rates sufficient to provide more than \$1,000,000,000 additional revenue would not increase the cost of living. This and the argument put forward by the railroad workers make a well matched team.

There are many people skeptical enough to believe that Grover Cleveland Bergdoll, the draft dodger, would not have escaped as he did if he had been a poor man. The Harry Thaw case has not been forgotten.

The fact that counterfeit \$50 bills are afloat in Connecticut will doubtless cause workers in the Nutmeg State to scan the contents of their weekly pay envelopes with care.

It pays to be a hero, even in time of peace. Pensions in force under the Carnegie hero fund now aggregate \$101,840 a year.

President Wilson is ready to accept a mandate over Armenia, but the Congressional Barkis shows little sign of being "willin'."

Senator Johnson is still keeping many of the leaders on the anxious seat.

NAVAL BUDGET

IS FIXED AT

\$436,000,000

Money for Purchase of Boston Dry Dock Is Stricken From the Bill.

Washington, May 28.—Next year's naval budget was fixed at about \$436,000,000, under a complete agreement on the naval appropriation bill, reached yesterday by Senate and House conferees. The original House bill carried \$425,000,000 and the Senate about \$467,000,000.

The conferees agreed on \$29,000,000 for navy aviation, a compromise between the \$15,000,000 voted by the House and \$25,000,000 by the Senate.

In lieu of the Senate appropriation of \$1,000,000 to begin work on the new Pacific Coast base in San Francisco Bay, the conferees authorized a Congressional commission of five Senators and five Representatives to investigate available sites on San Francisco Bay and report not later than Dec. 31.

The Senate yielded its proposed increase from \$104,000,000 to \$108,000,000 of appropriations to complete the three-year building program, also on the Senate amendment providing \$11,700,000 for completing aviation and destroyer tenders at Hog Island. The House accepted the Senate amendment of \$1,350,000 for a new hospital.

The permanent strength of the Marine Corps was placed at 24,000 and the Senate proposal for departmental development of Naval air lands not in litigation agreed to.

Senate plans for the Naval Reserve forces also prevailed, but with a \$50,000 appropriation instead of \$500,000.

Items dropped included Boston dry dock, \$300,000, and Newport, R. I., torpedo station, \$200,000.

Increases approved included Great Lakes to \$576,000 and \$200,000 additional for receiving barracks; \$100,000 each for new cranes at Brooklyn and Philadelphia and \$50,000 for New London, Conn., submarine base.

EXETER

Exeter, May 28.—Memorial Day this year will be made more impressive from the fact that the military funeral of Frank Lake, who died in England in 1918, will be held Saturday afternoon by the Almon H. Plagge post of the American Legion, followed closely by the regular Memorial Day exercises on Monday. Exeter's Memorial Day orator will be Rev. Arthur V. Dyer of Ayer, Mass., which will be in the evening in the town hall, and the regular parade of the cemetery in the morning.

Mrs. B. H. Quimby, who has been in Maine during the past month, following her return from Florida, has returned to her home here. She was called to Maine by the illness and death of an uncle.

Rev. Mr. Copp of Derry will be the preacher at the Methodist church on Sunday in the absence of the pastor, Rev. James W. Hervey, who is in Kentucky taking a course at a theological college.

The Exeter Women's club is making arrangements for a Japanese Tea Garden at the grounds of the Robinson Seminary on the afternoon of June 11. The proceeds to be used for charitable and philanthropic work.

Exeter's tax rate for this year has not been fixed, but it is expected to be higher than for many years. Newfield's has been set for \$25 per \$1,000 and Stratham \$31.50 per \$1,000.

HARD TIMES WITH THE TIME

Manchester has voted to go back to the good old fashioned time again. It was high time. What in time is the sense of two different sets of times?—Rochester Courier.

The new silent policemen are in place, and it will be a hardy auto driver who will risk a collision with them.

The play grounds are as popular as ever and the baseball field is occupied about all of the time afternoon school is dismissed.

NAVY YARD NOTES

\$50,000 for June

The Bureau of Construction and Repair has allowed funds amounting to \$50,000 for labor during the month of June. This is \$10,000 more than the allotment made for May.

Put in 25 Years

Daniel Collins, a ships cook completed 25 years in Uncle Sam's service today and was relieved from active duty and placed on the fleet reserve list. Collins hails from New York and left at once for his home.

Called One—Four Needed

The labor board made a call for one coppersmith today for the Industrial Department. The Supply Dept. is in need of two joiners and two general helpers are wanted for the smelting plant.

Directors Meet

The directors of the Yard Athletic Association held a meeting this afternoon relative to the applicants for the baseball team and other matters concerning the Industrial Track meet on Decoration Day.

Grand Furlough

Commodore A. V. Wadhams, commandant naval prison, has been granted a furlough of two weeks, during which time he will visit his home in Wadhams, N. Y.

Two Companies and Band

One company of marines from the yard barracks and a company of blue-jackets made up from the second ships, and headed by the yard band, will take part in the Memorial Day parade and exercises on Monday.

Passing Bogus Checks

The Bureau of Navigation has announced that Ralph E. Hughes, a former lieutenant in the navy who was dropped Nov. 23, 1915, has on a number of occasions recently obtained money from navy officers and enlisted men by getting them to cash checks which later proved to be worthless. The bureau desires that officers and enlisted men, especially those attached to recruiting stations, be informed of this fact.

Baseball Games

In the yard league on Thursday the nine sweepers put it on the marines, score 5 to 3. Today the Eagle 23 won at the Hapanhamock at 3 p. m. Standing of the clubs up to date:

Won	Lost	P. C.
Schofield	2	0 1,000
Mine Sweepers	3	0 1,000
Southerly	1	0 1,000
Marine 46	1	1 667
Marines	1	2 333
Eagle 23	1	3 250
Hapanhamock	5	2 666

Personals

J. M. Washburn is in Boston today.

M. Feldman is in Boston today on business.

W. A. Nelson of Augusta, Conn., is passing the week end here.

FOYE'S

WOMAN'S CITY CLUB NOTES

At the meeting of the Woman's City Club on Thursday afternoon, a general discussion was held in which the club members participated, the subject being, "What can the women of Portsmouth do to make the city a more attractive place in which to live?" Mrs. F. E. Potter gave a most interesting account of some of the historical places of Portsmouth, and especially pleased her audience with a detailed sketch of some of the beautiful trees of the city. Miss Adair, of the

Home Community Service, Incorporated, told what has been done in Portsmouth, with reference to forming a central community club for the girls of the city, and expressed her belief that the present great need is a gymnasium. At the close of the program, tea and water were served. Mrs. L. E. River painting, assisted by Miss Glendinning.

Miss Charlotte E. Wright, principal of the Plymouth Business School, Mrs. M. E. Sterling and Mrs. Alice B. Sanford are in Boston, called there by the death of Mrs. E. Louise Perry.

DEATH OF FORMER PORTSMOUTH CITIZEN

The many Portsmouth friends of Mrs. E. Louise Perry of Atsion, Mass., were grieved to learn of her death, which occurred on Thursday afternoon May 27. Mrs. Perry is the widow of the late Edward C. Perry, founder and for many years principal of the chain of Plymouth Business Schools, of which there has been a branch located in Portsmouth for twelve years. During the life time of Mr. Perry, he and Mrs. Perry spent much time in Portsmouth, and since his death Mrs. Perry has been a frequent visitor here

among her many friends and acquaintances. The funeral services will be held in Boston at 12.30, Saturday noon, and the interment will be in Plymouth, Mass.

RETURNS FROM INTERNATIONAL BOYS' CLUB

F. H. Powell of the local Red Cross returned Thursday from New Haven where he has been attending the International Boys Club Federation conference. There were about 100 delegates from all parts of the country and Canada. During the conference

the United Workers Boys' Club of New Haven presented the play "Officers 666" with marked ability. Mr. Powell assisted by Miss Amy Stanton of the local Associated Charities, in directing the opera "King Cole" which will be presented by the Boys' Club at the Portsmouth Theatre Wednesday, June 30th.

GOVERNOR AND COUNCIL OPPOSE WAGE INCREASE

Concord, May 28. The governor and council at their meeting here went on record as being firmly opposed against any salary increases in the depart-

ments and refused to sanction pay increases which were granted by the state board of education recently. The increases in this department amounted to about \$5,000, and gave Commissioner Ernest W. Butterfield an additional \$1,000 a year and his deputies a raise of \$500 each, with increases of the various employees ranging from \$100 to \$150.

The governor and council decided that the state finances would not warrant any raises and a resolution was adopted strongly deprecating the increases recommended by the board of education.

HIGH SCHOOL PLAY THE GAME

The High school baseball team played a tie game with Berwick Academy on Wednesday afternoon, and at the end of the seventh the game was called to allow the Portsmouth team to catch the car home, as many of the players had to be back early. The score at that time was 9 to 9 and it was despite the size of the score a good game.

Both teams hit the ball hard and the game on the whole was well played. Kirkpatrick pitched for the local high and he struck out eight men and passed six. He was reached for nine hits, but other than the first and fourth innings he was steady and kept his hits well scattered. Hurley caught a fine game.

Chick started for the Academy team but gave way in the fourth to Garvin, who finished the game and he was very effective until the seventh when the locals reached him for three runs. Hevan caught a fine game scoring 14 out outs.

Cullman hit the ball hard getting a double and two singles and scored three runs himself in addition to driving in two. Kirkpatrick fielded his position finely, but had an off day with the bat.

The team as a whole showed considerable improvement and Coach Dragon, who was with his team seems to have instilled a new spirit into the boys. There is still need of a lot of practice and the team also needs more pitching material, but other than in the box the material is very promising.

The score:

Portsmouth	ab	r	h	po	a	e
Tobey ss	3	1	1	1	0	1
Bridle cf	2	1	0	0	1	0
Kirkpatrick p	4	0	0	0	0	0

SCHOOLS HOLD MEMORIAL DAY EXERCISES TODAY

The annual Memorial exercises for the schools will be held this afternoon in conjunction with the Women's Relief Corps. All of the schools other than the High will take part in the exercises which will be held beginning at 2:45 at the Junkins, avenue bridge where the school children will assist the Relief Corps in their services.

Adjournment will then be taken to the baseball field where the exercises will be held, each school taking part in the program. At the bridge the delegations from each school will cast their wreaths on the water, in memory of those who went down in the sea during the war.

The members of the Grand Army, Sons of Veterans and American Legion visited the various schools and spoke to the children on the meaning of the day and of its new significance on account of the World's War. Today special exercises will be held at the High school, with speakers. The Legion has taken off this work at the request of the G. A. R.

ADAIR AND SEIGAL MATCHED AGAIN

Promoter Bill Dow of the Rockingham A. C., has completed arrangements to stage the postponed bout between Harry Adair of New York, and Nate Seigal of Berwick, in this city on June 18. The fight which was scheduled for May 5 was called off, as Adair injured his hand in training. He has not boxed since and his manager, at that time wired Mr. Dow to come on to New York at his expense to see for himself that Adair was unfit by the accident to go into the ring.

The two men have been matched again on the same condition and both have agreed to train for the bout at least ten days. There was a big interest in the bout and it still continues.

BIG ALTERATION JOB AT POWER PLANT

The Rockingham Light and Power company are having a big addition built to their Daniel street plant, an addition which is a nice piece of engineering work, as it is being done without disturbing the working of the plant. There will be a great amount of concrete used and much of it is below water mark, requiring water proofing.

The work is being done by Cushman Brothers and they have a large force of men at work now. They are also rebuilding the coal bunker which was practically destroyed by the fire some weeks ago. A new trestle work is being put in and alterations made in the tunnel in which the coal is hauled in to the plant. The demand upon the plant are increasing and the company will in time utilize every available foot of ground about their plant.

NEW SCHEDULE FOR HIGH SCHOOL

Manager Neville of the High school baseball team, has had to rearrange his schedule and the following games have been dated for the remainder of the season, with possibly one or two additional games. The schedule is:

June 2—Newburyport H. S. at Newburyport.
June 5—Bliddeford H. S. at Bliddeford.
June 7—Dover H. S. at Dover.
June 12—St. James High, Haverhill at Portsmouth.
June 16—Rochester H. S. at Portsmouth.

RAILROAD NOTES

Extra Time Sheet.
The Boston & Maine has issued a supplementary train sheet to (time table 45C of the Portland division which takes effect June 2. It relates to a change in the running time of the Portland, New York Express and a new train between Boston and Lynn.

Takes Out One Track.
The Boston & Maine has removed one track over the Tillington street crossing leading into the Frank Jones Brewing Co. yard on Albany street and placed a new cross-over frog there for the street car line.

Railroad Wins.

The Jury in the Superior Court which has been hearing the case of Able L. Moody vs. Boston & Maine Railroad since Tuesday of last week in Concord, brought in a verdict for the railroad. The case involved about \$10,000 claimed as damages because of the destruction of the plaintiff's box shop at East Andover July 5, 1919, the fire, as he claimed, being set by a locomotive of the defendant, said to have passed the shop shortly before the fire was discovered. About 40 witnesses testified during the trial.

RAILWAY ACCIDENT CASE ON AT EXETER

Exeter, May 28.—In superior court yesterday the case of Ralph M. Spaulding and Gertrude E. Spaulding, who are bringing suit against the Dyer, Sonbierworth and Rochester street railway, which was commenced Wednesday afternoon was resumed. It is an action for injuries alleged to have been received through negligence on the part of the railroad, when a crowded car started suddenly throwing Mrs. Spaulding against the car and causing injuries which confined her to a hospital, and the husband, the other plaintiff, asks for recompense for time lost from his labors.

Counsel are Samuel W. Emery, Jr., of Portsmouth, for the plaintiffs, and the firm of Hughes and Dore of Dover for the defendant.

JURY DISAGREES IN MARBLE CASE

Exeter, May 28.—The case of Able P. Adirble vs. the estate of Mary E. Emerson of Hampstead, which has occupied two days in superior court, went to the jury late Wednesday afternoon. The panel returned a disagreement after being out for several hours.

This action was brought to recover for money, and also a note alleged to be due the plaintiff. Counsel were the firm of Hughes and Dore of Dover for the plaintiff, and John Scammon and Frank A. Bateholder of Exeter for the defendant.

WILL SPEAK HERE ON IRISH FREEDOM

Attorney McSherry of Lynn Will Be Guest of Local Branch on Sunday

Attorney M. C. Sherry one of the best known orators and lawyers of Lynn, will be the guest of the local branch of Friends of Irish Freedom on Sunday and will address the members at their regular meeting on that date. The organization is preparing to give him a fine reception and he is sure of a warm welcome. Mr. Sherry is well known in Massachusetts for his activity in the movement for Irish freedom and is certain to be greeted by a large crowd on his first visit to Portsmouth in the interest of the Irish cause.

KING COLE POSTPONED

The operetta "King Cole" to be given by the Boys' Club has been postponed from June 4th to Wednesday evening June 9th.

The postponement was made necessary owing to the fact that the military ball given by the Emerson Hovey Post, Veterans of Foreign Wars, comes on the same date originally set for the operetta.

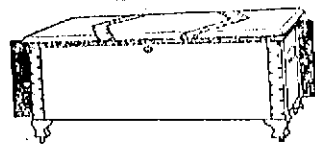

PIANO SOLO TUESDAY EVENING

Mr. Stephen Ray of Milford, Mass., graduate of the Conservatory of Music in Boston, will render a Piano Solo at the Peachy and Keane concert in Freeman's hall, Tuesday evening. Have you danced with the Peachy and Keane orchestra? If not do so Tuesday evening and you will be back the week following.

NOTICE

Regular meeting of Emerson Hovey Post 168, Veterans of Foreign Wars of the United States 8 p. m. Friday, May 28th, 1920 at Moose Hall. Important business and Master in of Class of Recruits.

Per Order of
COMMANDER HILL
LEE A. SCOTT, Adjutant.

CEDAR TREASURE CHESTS

We call them treasure chests not only because they hold treasures of wool, cotton and linen safe against the ravages of moths and dust, but because they are treasures in themselves.

Of fragrant, red cedar wood, they are made on substantial lines, the plain surfaces showing to advantage the attractive grain of the wood. Some are bound with iron like the misers' chests in days of old, while others decorated with inlays suggest the romantic sea chests, brought home years ago by hale and ruddy sea captains.

And within they are fragrant with the pungent woody smell, which is such a welcome change after the stifling odor of moth balls, and so much easier to air out of the clothing.

If you are not the happy possessor of a cedar chest, you cannot know the serene sensation of putting away furs or wool goods for the summer and knowing that in the fall you will find them as you left them. Let Margeson Brothers help you to that knowledge.

CARS CRASH NEAR HAMPTON FALLS

Had Jury on Way to View Scene of Highway Accident.

A special car carrying a jury from Exeter to view the scene of an accident on the Lafayette road on Thursday, met in a head-on collision on the Exeter, Hampton and Amesbury street railway at a point between Southtown and Hampton Falls.

Four Portsmouth men were among the jury, William Casper, Oliver Frisbee, Ambrose Melands and Andrew O. Caswell.

Casper and another juror used Pick of Dipping were slightly injured. Fifteen passengers were in one car and three in the other. The cars were not moving very fast at the time and though the front ends were badly wrecked, the cars did not leave the track.

It is understood that the assistant superintendent of the railway was acting as an arbitrator of the car with the jury. The jurors are acting in the case of Mueven Capelle of Wells, Maine, administrator of the estate of Yvonne H. Howard against Philip Prober of Leveson. The accident was a collision of automobiles on the highway in 1918.

THE HERALD HEARS

That the high school boys made it lively today.

That several Portsmouth Elks will witness the installation of the new lodge at Rochester.

That perhaps on many barrels of bullets will be wasted in nominating the next President of Mexico.

That professional humor fasters might be employed to protect against the word alcohol.

That Lynd will plant potatoes on the Common which crop will be turned over to the poor department.

That Miss Phoebe Tibbets is one of

WOMEN OF AFFAIRS

now settle their accounts with checks instead of cash. It is so much more convenient, so much more businesslike, and so much more impressive, besides being far the safest way of paying bills. We have a special department for ladies' checking accounts. Any of our officials will be delighted to explain their conveniences and advantages.

NATIONAL MECHANICS & TRADERS BANK

the most accomplished and versatile bellies in the whole country and Green Day is justly proud of her. After having established her reputation as the most divine of concertina players whose beauty of soul has charmed many, she has taken up the study of that difficult instrument, the trombone. Her many admirers predict that she will develop into a great artist.

Green Day, N.Y., flautist.

That the neighbors of Miss Tibbets might as well get ready to dart for the tall places.

That a dollar goes pretty fast these days but it is just as slow as ever coming in.

That the new silent policemen are on the job.

That one of the local bank employees is a noble pedestrian.

That although he is quite modest relative to long distance billing his record between Portsmouth and Dover was some thing.

That those who cannot pay their bills doings to old John Parbeyson, are having a hard time digging up alibis that sound reasonable.

That a Dartington man was fined \$50 in Dover police court for allowing waste sawdust to go in the Lamprey river.

That the complaint against him was made out by H. K. Reynolds, a former health officer of this city.

That you can gamble that any man who is free with his compliments is holding for something.

That the Indianapolis News had the following adlet. Wanted—Man to drive Ford. Must be a Christian. Apply at once.

That it looks like no spending there for speed funds or fisherflies.

PORTSMOUTH BRIDGE

ANNIE NUGENT,
Chief Companion.
SARAH LYNSKEY, Sec.
b 21 m28

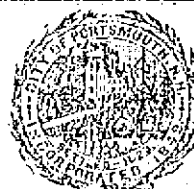

The Salvation Army is to conduct a Tag Day on Saturday in an effort to make up this city's quota of \$10,000 in the Salvation Army Drive. To date the amount which has been raised is \$4,000, and some strenuous work must be done to have Portsmouth reach its quota. Let every one contribute so that the Tag Day for this worthy organization may be a financial success.

FOUND—Sum of money on Market Square. Owner may have same by proving property. Call 60 Washington St. b 21 m28

Many of the beach hotels open for the summer this week.

FORMER EMPEROR NOW A TAILOR

London, May 28.—William of Hohenzollern, former emperor of Germany, is trying his hand as a tailor, according to a Central News dispatch from Amsterdam. He is cutting out patterns for many new suits with which he is going to stock his wardrobe, the paper declares he is "excelling at the job." "How unfortunate it is," says this paper, "that William entered his vocation after all the no-forgettable he achieved as an emperor, one can imagine what would have been his fame as a tailor."

NOTICE TO VOTERS

The Board of Registrars of Voters will be in session at Council Chambers, City Hall, Wednesday June 2, 1920 from 2 to 2:30 p. m., 2 to 5 and 7 to 9 p. m. for the purpose of allowing voters to change their party registration.

JAMES McCAIR, Chairman.

PRESIDENT VETOES THE PEACE RESOLUTION

Declares That it is a Stain Upon the Honor of America in Message to Congress

Washington, May 27.—The Republican peace resolutions were vetoed today by President Wilson.

Such a method of making peace with Germany, the President said, would "place an ineffaceable stain upon the gallantry and honor of the United States."

The President added that the peace resolution omitted mention of many important objects for the vindication of which the United States entered the war.

Without announcing his intention regarding the Treaty of Versailles, the President declared that the resolution embodied the important things omitted by the resolution and said that by rejecting the treaty, the United States had declared in effect that it wished "to draw apart and pursue objects and interests of our own."

"Such a peace with Germany," the message continued, "a peace in which none of the essential interests which we had at heart when we entered the war is safeguarded—is, or ought to be, immeasurable, is inconsistent with the dignity of the United States with the rights and liberties of her citizens and with the very fundamental conditions of civilization."

Text of the Resolution Vetoed

The peace resolution declares:

"The point resolution of Congress passed April 6, 1917, declaring a state of war to exist between the Imperial German Government and the Government and people of the United States, and making provisions to prosecute the same be, and the same is hereby repealed and said state of war is hereby declared at an end."

"Provided, however, that all property of the Imperial German Government, or its successor or successors, and of all German nationals which was on April 6, 1917, in or has since that date come into the possession or under control of the Government of the United States or any of its officers, agents or employees from any source or by any agency whatsoever, shall be retained by the United States and no disposition thereof made, except as shall specifically be hereafter provided by Congress, until such time as the German Government has, by treaty with the United States, ratifica-

tion whereof is to be made by and with the advice and consent of the Senate, made suitable provisions for the satisfaction of all claims against the German Government of all persons who have been domiciled, who owe permanent allegiance to the United States, whether such persons have suffered through the acts of the German Government or its agents since July 31, 1914, loss, damage or injury to their persons or property, directly or indirectly, through the ownership of shares of stock in German, American or other corporations, or have suffered damage directly in consequence of hostilities or any operations of war, or otherwise or until the German Government has given further undertakings and made provisions by treaty, to be ratified by and with the advice and consent of the Senate, for granting to persons owing permanent allegiance to the United States, most favored nation treatment, whether the same be national or otherwise, in all matters affecting residence, business, profession, trade, navigation, commerce and industrial property rights, and confining to the United States all fines, forfeitures, penalties and seizures imposed or made by the United States during the war, whether in respect to the property of the German Government or German nationals. And waiving any pecuniary claim, based on events which occurred at any time before the coming into force of any such treaty any existing treaty between the United States and Germany to the contrary notwithstanding.

"That in the interpretation of any provision relating to the date of the termination of the present war or of the present or existing emergency in any acts of Congress, joint resolutions or proclamations of the President containing provisions contingent upon the date of the termination of the war or of the present or existing emergency, the date when this resolution becomes effective shall be construed and treated as the date of the termination of the war or of the present or existing emergency, notwithstanding any provision in any act of Congress or joint resolution, providing any other mode of determining the date of the termination of the war or of the present or existing emergency.

"That until by treaty or act or joint

resolution of Congress it shall be determined otherwise, the United States, although it has not ratified the Treaty of Versailles, does not waive any of the rights, privileges, indemnities, reparations or advantages to which it and its nationals have become entitled under the terms of the armistice signed Nov. 11, 1918, or any extensions or modifications thereof or of which under the Treaty of Versailles have been stipulated for its benefit as one of the principal Allied and Associated Powers and to which it is entitled.

"That the joint resolution of Congress approved Dec. 7, 1917, declaring that a state of war exist between the Imperial and royal Austro-Hungarian Government and the Government and the people of the United States and making provisions to prosecute same, be, and the same is hereby, repeated, and said state of war is hereby declared at an end, and the President is hereby requested immediately to open negotiations with the successor or successors of said Government for the purpose of establishing fully friendly relations and commercial intercourse between the United States and the Governments and peoples of Austria and Hungary."

DANDELION WINE RAGE IN VIRGINIA

Winchester, Va., May 26.—Prohibition and the high cost of living have elevated the lowly dandelion to lordly estate in this section of the country. Residents this spring are seeking the little yellow blossoms everywhere, scouring lawns where the dandelions have been considered a pest, country lanes and pasture fields, filling baskets with the blossoms and the green leaves. The little blossoms go into old time dandelion wine.

The leaves, young and tender, have long been eaten as greens similar to spinach.

PLAN AIRSHIP LINE FROM NEW YORK TO PACIFIC COAST

Cambridge, Mass., May 26.—A dirigible airship line to engage in regular passenger service between New York and San Francisco is a project in which War Department officials would like to invest capital, with a view to having an air fleet immediately available in case of war, according to Professor Harvey N. Davis, of Harvard University.

Professor Davis is engaged in expert work on helium gas for the department, and is designing a plant to be built at Langley Field, Va., where the expensive gas after use in the military lighter-than-air craft may be washed free of impurities and used again. Estimated by Colonel William N. Hensley, of the War Department, indicate that it will be possible for passengers to go by airship overland at a cost of about 5 cents a mile, at a speed of 65 to 70 miles an hour.

"The advent of the airship as a regular passenger carrier is much nearer than many persons in this country realize," said Mr. Davis. "I shall be

surprised if the coming summer does not see a line of airships in operation by an English firm between the United States and the British Isles and I have no doubt whatever that a year from now will see regular weekly sailings.

"By the use of helium all danger of disaster from explosions such as have wrecked big balloons filled with hydrogen will be averted. There will be no fear of ignition of the gas by bullets, lightning or sparks from the engine. In fact, it is pointed out that the engines may be placed inside the outer shell of the dirigible, and that except for observation purposes no car need be carried outside the big bag."

While the present cost of producing helium is about ten times that of hydrogen, Professor Davis believes that development of its manufacture will result in a cheaper product. Helium will be used to furnish the lifting power in the \$2,500,000 dirigible which the Navy Department expects to obtain from an English manufacturer soon.

GERMANY READY FOR GENERAL ELECTION JUNE 6

Berlin, May 26.—Leaders of the coalition of three parties now in control of the German government profess confidence that these parties, the Majority Socialists, German Democrats and Christian Peoples' Party, or Clericals, will continue in control as a result of the general election to be held June 6. This election will choose members of the first regular National Assembly under the republican constitution.

These leaders hear in saying that probably the Majority Socialists, who now have 166 seats, will lose 1-3 of these to the Independent Socialists who are expected to emerge from the balloting with 70 members of the Assembly. Instead of 22 which they now have. The political leaders say the communists probably will have five representatives in the new parliament, as the German bolsheviks are well supplied with money, although their party organization is not wholly intact.

The ultra right expect to benefit through the recent rioting in the Ruhr and Saxon districts, while the Democratic and Clerical leaders say they expect to retain their present representation.

There is a strong effort being made by the Conservative Clericals in the direction of inducing the National Liberals to join the coalition bloc not only for the purpose of fortifying it numerically as set off to the masses expected to be incurred by the Majority Socialists, but also because the Clericals feel the need of moral support in new quarters for their church school policies, in defense of which they are virtually deserted by the Democrats and basely opposed by the Majority Socialists.

One of the most influential of the Clerical leaders, is making overtures to Gustav Stresemann, the National Liberal leader to induce him to pool issues with the coalition bloc.

WILL COLONIZE PUBLIC LANDS IN ARGENTINE

Buenos Aires, May 26.—Argentina, like the United States, has difficulty keeping people on the farms and out of the cities. To combat the tendency toward city life, the Minister of the Interior, Ramon Gomez has asked all the governors of the provinces and territories to urge people to colonize the public lands.

Under a new law colonists are enabled to borrow from the National Mortgage Bank up to 50 per cent of the value on land they have purchased and under the homestead law the government is permitted to give to colonists small lots of land in some districts.

QUITS THE INTERCHURCH MOVEMENT

(By Associated Press)
Philadelphia, May 27.—The General Assembly of the Presbyterian Church of the United States, voted unanimously today to terminate its relations with the Interchurch movement.

WOMAN BANK PRESIDENT IS A LITTLE SHY

Memphis, Tenn., May 26.—Tennessee's woman banker, the only woman bank president in the country, while here attending the Tennessee State Bankers' convention declared she would lead to men in preference to woman but first-class recently was an essential.

She is Mrs. F. J. Runyon, wife of a physician, whose financial institution is located at Clarksville, in north central Tennessee. She and the cashier, the wife of the state's attorney for the county, are the only officers. All the directors are women.

"Men come to me, tell me their business and borrow money," she said. "One bank in only seven months old. Its purpose is to aid young people who want to save and that was the prime motive for its foundation. The idea was carried out solely by women; but a man suggested it."

The bank has a capital of \$15,000 and its first six months deposits aggregated \$53,000.

When called upon to address the convention, Mrs. Runyon declined with thanks, saying she never had talked to so many men.

PORT SAID IS WICKEDEST PLACE ON EARTH

Cardiff, May 26.—"Port Said still is the wickedest place on earth," said Brigadier-General J. H. Bateson, principal of Wesleyan chaplain, in an address to soldiers. "I know Calcutta, Bombay and Madras, better than I know London," he continued. "I have had to live in the East for a quarter of a century, and I know what Cairo and Ismailia are; but I have seen more sin and appearances of sin in one hour in Port Said than in all the rest of my experience."

LANGDON PARK FIRST OPENED TO PUBLIC IN 1876

Notable Occasion in History of Portsmouth When It Was Dedicated.

Langdon Park, the first public park of the city of Portsmouth, was dedicated forty-four years ago this week with suitable exercises. At that time fifty young trees were planted and in the years that have followed have provided inviting shade for visitors to this recreation spot.

In 1877 John Langdon Elwyn gave about five acres of land, lying on the south side of the South Pond to trustees for a public park, to be laid out as such any time they cared to do so. The Langdon Park Association was formed in 1873 and reorganized in 1876 with Frank W. Miller as chairman, who was energetic in securing and planting over 600 trees.

The dedication day of the park was an eventful one in Portsmouth and included a procession and a program of exercises fitting for the occasion. Col. William H. Sise acted as marshal and in the procession were the Knights of Pythias, Rebekah, Ladies Keenness Cotton Mill operatives and officers, accompanied by a band. The City Guards, Captain Underlock, for escort, and Harlow's Marine Band headed the procession which marched from the parade to the park. After an opening selection by the band, Frank W. Miller, chairman of the board, introduced Rev. Dr. Alden, pastor of the Abile Street Baptist church, who earnestly and eloquently invoked the divine blessing on the exercises of the day and the future of the park.

Mr. Miller then announced that in accordance with the special request of Rev. Alfred Elwyn that the trustees had decided to change the name from Elwyn to Langdon Park and under that name it was dedicated to public use forever and the American flag was run up to the masthead, and saluted by the Light Artillery in charge of Captain Marvin, whose field pieces were stationed on the hill near by.

Ex-Gov. Ignatius Goodwin of New Hampshire and Rev. Dr. Daniel Austin and in behalf of the trustees, planted a tree in front of the reviewing stand as a symbol of the occasion. The former governor related how he saved the present beautiful grounds in 1834 from becoming the location of the almshouse and prophesied as also did Mr. Austin that a bridge which has long been hoped for would be built across the South Pond.

Rev. James DeNormandie, pastor of the Unitarian Church of this city at that time gave the dedicatory address, which was an able one and fitting for the occasion. It read in part:

"One of the first sentences in the old Latin reader is this: 'The true husbandman plants the trees, a berry of which he will never behold.' We begin today a work whose chief benefits after generations shall enjoy. We plant for posterity, under the shade of these trees our children's children may rest and be grateful. There is something in the steady and increasing growth of the forest for so many years, solemn and suggestive.

There is one way, however, in which planting of trees may become useful in the lowest meaning and not only useful but beneficial. I mean by setting out, with shade trees, nut and fruit trees whose products should be free to all. In our parks, along our common highways for miles we might have rows of these growing with hardly any cost and fruit enough to supply all those who seldom have it abundantly.

"All literature is full of the part the groves and forests have played in civilization. Among all trees, perhaps no one has served better or more frequent purpose in literature or in life than our native tree—the pine. Let the pine find only an edge of vertical precipice to cling to, it will nevertheless grow straight. It desires nothing but lightness; tall or short it will be straight; small or large it will be round; softer than the bodies of other

trees though the struggle of life is harder.

"Let us rejoice then that we are to have a park. Year by year let us do what we can to make it more and more attractive as year by year the silent forces of nature carry on the work we begin today. Let us bear in kindly memory him, through whose patriotic ancestors and love of nature, and of preserving from traffic and destruction her growths, we have received this gift. Let us pay our tribute to those who with enthusiasm, energy and generosity have made this day's dedication so successful. Here may toll find rest; mediators reverence; children a place for sports; youth for its sentiments; age for its reflection, and may Almighty God grant that the trees we plant today shall be fresh when we have all faded, when the century comes round and may shelter better men and women than we are, and see brighter days for our loved Fatherland."

Many local people planted trees and the park dedicatory day was a memorable one.

CANADA WILL SEND MINISTER TO WASHINGTON

Philadelphia, May 26.—A busy American diplomatic secret has been disclosed here through announcement that Canada will soon send its own minister to Washington. It is that for the last ten years a specially made chair, carved with the Canadian coat of arms, has been waiting in Washington for use of this envoy.

Elfrida Root, then Secretary of State, ordered the chair, one of many specially designed for the Pan American Union Building at the Capital. Andrew Carnegie's memorial to cement more firmly the relations of the Americas. The story is told by Albert Kellogg, of this city, one of the architects of the Pan American building, who said:

"Once a month the ambassadors and ministers of all the American republics meet and are presided over by our secretary of state in the Pan American building and each representative has a chair of his own, with the arms of his country carved on the back."

"Now when these chairs were decided on, Secretary Root asked me to have an additional one made with the Canadian arms on it, which was done, and which has been hidden for the past ten years, for Secretary Root counseled me to use his exact words—to be a little reticent about the matter."

PHILADELPHIA SCHOOLS HAVE NO SPELLING BOOKS

Philadelphia, May 26.—Philadelphia public schools have no spelling books. And spelling books have been dropped, say local educators, because they start with "cat" and "rat," and include similar words seldom used in correspondence and business.

Until a spelling book has been compiled that uses the words that are most frequently used in business and private correspondence, Louis Nussbaum, Associate Superintendent of Public Schools, announces that public schools here will compile their own lists of words.

The spelling vocabulary taught an average public school pupil is 2,500 words. This is five hundred more than was found in an investigation of words used in 100,000 business and personal letters.

ARGENTINE WILL RAISE MONEY AT HOME

Buenos Aires, May 26.—Argentine government having failed to obtain either in Europe or the United States a proposed loan to enable it to consolidate its floating debt of about \$265,000,000, it now plans to resort to a domestic loan for the purpose. It is reported, President Irigoyen, it is said, intends to bring the matter before Congress shortly and ask authorization to issue the bonds. Newspaper comment upon the idea is generally favorable, it being pointed out that there is no other recourse.

While the flotation of such a large internal loan will be unprecedented in Argentina, the growing wealth of the country is cited as propitious for its success. It is pointed out, moreover, that subscriptions in Argentina to the Italian loan reached \$140,000,000.

DURHAM COLLEGE STUDENTS EARN THEIR OWN EXPENSES

Those privileged to hear President Hetzel deliver an address on "Your State College" before the New Hampshire Federation of Women's clubs recently were amazed at the statement that 83 percent of the students earn all or part of their expenses. Immediately, the question arose as to how it was accomplished in these days when the high cost of living is such a problem to people of more mature years. Interesting incidents and typical cases were related by President Hetzel which not only show just how the students are handling this problem, but also the type of student New Hampshire has in her state colleges.

One young lady born in Greece has an earnest desire to carry the message of modern enlightenment to other Greek boys and girls, less fortunate than she. Her father is now a mill hand here in New Hampshire unable to furnish much financial support, so she must earn at least one-half of her expenses. She is a sophomore, 21 years old—a member of the Greek Orthodox church and active in the college Y. W. C. A. discussions.

One senior girl with an honor record was born in Vilna, Russia, daughter of a Jewish junk dealer. She is earning 30 per cent of her expenses, and specializing in sociology and economics, with a view to the alleviation of the lot of the poor among her own people.

There is also the case of the daughter of a doctor, himself a graduate of both Brown and Harvard, but unable financially to take care of her, so she is earning such funds as she cannot borrow for her last year of preparation for business life. She has earned all her own living since she was eight years old and had to stand on a chair to wash dishes for the neighbors. The long years of work have not dimmed the brightness of her dreams of one day being business manager of some large concern. She is an earnest Baptist.

The youngest girl in the school, now a senior, is going home to take charge of the farm when she graduates, to care for an invalid mother and father who is one of the over-worked, under-paid, busy country doctors, who carry so great a part of the responsibility for the health of rural communities. She earns at least two-thirds of her college expenses herself.

For three years, another brave girl has walked six miles in all sorts of weather in order to be able to take the home economics course at the college. She earns half of her expenses herself, getting up at 4 o'clock to milk 20 cows and on Saturdays adds to this labor the distribution of the milk in the nearest city.

An orphan boy and girl from Quebec are earning their way through to college by conducting a restaurant and ice cream parlor for the students, and, taking "roomers." The boy is studying to be an electrical engineer, and the girl is specializing in accounting and French with an idea of returning to Quebec and entering business life.

STATE LEADING WHOLE NATION

Annual Report of Anti-Saloon League Exceedingly Optimistic.

That New Hampshire has the most creditable record of any state in the Union in the matter of prohibition enforcement and that arrests for drunkenness have decreased approximately 90 per cent under the no-license regime in this state are two salient facts brought out in the annual report of J. H. Robbins, treasurer of the New Hampshire branch of the Anti-Saloon League, made public recently.

Mr. Robbins also makes the interesting statement that only 153 of the 700 physicians of the state have applied for a permit that will give them the authority to issue liquor prescriptions in their practice and adds that only about 15 of the 153 are abusing this privilege. The prohibition law allows them in this respect. "The number of doctors who are ever liberal in writing whiskey prescriptions and rigorously protesting against the restrictions of the law," declares Mr. Robbins, "are so few that the class is almost negligible."

Calling attention to the fact that "the Federal law requires a druggist to secure a permit before he can fill prescriptions for liquor for medicinal use," and that "the state law, however, does not allow a druggist to have such a permit unless the city government or the town votes to give it," Mr. Robbins asserts that "only seven cities and six towns have voted to give druggists such permits."

In reviewing the question of the enforcement of the law the state treasurer commends the removal of the state liquor agent's office from Manchester to the state house at Concord and adds that "in our opinion it would be further in the interests of efficiency and economy to put the whole matter of the legal sale and distribution of liquor and the prosecution of illegal

One of the senior boys in the agricultural division is earning more than his expenses, by going out to test dairy herds and dairy products, and working for the dairy department of the college of agriculture. His father is a New Hampshire farmer, and his mother, a Mr. Holyoke woman, lived her son with the desire for college training which she and his father were unable to finance. So he set his wife and muscles to work with the result, that he now not only pays his way, but saves money out of what he earns.

A returned soldier sent to the college by the federal board for vocational training had a wife and little baby left to care for. When he went into the army his brave, pretty little wife took charge of the garage which had been their support. His return with serious wounds brought him the opportunity for rehabilitation training at college. They have been separated so long that his wife decided to sell their small business, bring the baby, and take roomers in order to be with him. He is doing good work in the mechanical engineering department and is a good influence among the less ambitious men he comes in contact with.

A former boy from Maine, who is now a homeless orphan, not only earns his entire expenses, but maintains an unusually high standard of scholarship, is a member of a fraternity and popular socially.

A graduate student in horticulture has not only earned all his expenses and maintained good standing in his classes, but has also successfully participated in athletics that he won first state-wide, then national and finally international fame as a runner. Both his parents are college graduates, his father, a minister, from Brown university; his mother, a Mr. Holyoke graduate. The boy hoped the fraternity to which he belongs to win first place and a silver cup in the area for highest scholarship this year.

An Armenian lad, who was born in Smyrna, and whose people suffered at the hands of the Turks the penalty for being devout Christians, is now taking the agricultural course at New Hampshire college, with the intention of taking back to his own people the revived hope and advantages offered by modern methods of farming applied to their particular problems in the old world. He came to the college literally through fire and blood, since he served seven years in the Turkish, German and finally the British armies before he came to America. As he is but 23 years old now, it is evident the Turkish impressed the Armenian boys into the military service at a very tender age.

So the story might be continued indefinitely, but surely from these examples enough inspiration can be drawn to induce the thinking people of the state to stand by those students who are doing so much to help themselves and not force the college through lack of funds, or equivalent to turn away any of the earnest and daughters of New Hampshire.

sale under one head as a Department of the State government.

The treasurer's report indicates that "there has been a tremendous shrinkage in the population of the jails and county houses" as a result of prohibition in this state and adds that "the call on religious charity workers in the Salvation Army for help to needy families have very materially fallen off." Business is better and the merchants generally are well pleased with the satisfactory results of a dry state, reports Mr. Robbins.

The report calls attention to the fact that "there are two Departments in the Federal Enforcement machinery the first has to do with the issuing and control of permits for the legitimate distribution of liquor for medicinal use, while the other Department of Federal enforcement has to do with the prosecution of violations of the law, and in control of a Federal Officer located in Boston having charge of the Northern District, which includes most of New England and parts of New York state.

Mr. Robbins recommends that provision be made for the appointment of a state director for New Hampshire and implies that more efficiency would be obtained in the enforcement of the law if there were appointed a state head for the several enforcements agencies.

ents, that now come only under the controlling supervision of the Boston office.

The report of the treasurer shows that total receipts for the year amount to \$3,392.85 and the expenses have amounted to \$3,311.89. There was a balance at the beginning of the year of \$294.99 and a balance at the end of the year of \$291.95. Mr. Robbins states that "it has been a difficult and delicate problem to secure the necessary financial report for the League (the past year) owing to the financial drives of the churches and the various charitable organizations but adds that "the financial outlook is hopeful for the next year."

In the closing paragraphs of the annual report the attitude of the two U. S. senators and both U. S. representatives is commended and a warning to do an armed against the election of congressmen favorable to an amendment to the Volstead act allowing the manufacture of beer and wines is included.

OFFICE OF CHIEF MARSHAL— MEMORIAL DAY COMMITTEE PORTSMOUTH, N. H.

General Orders, No. 1
Portsmouth, N. H.,
May 20, 1920.

1. In accordance with G. O. No. 1, Headquarters Storer Post No. 1, Grand Army of the Republic, Major Clarence B. Hoyt is appointed Chief Marshal, Memorial Day Committee, and charged with making all necessary arrangements for the duties incumbent upon his office.

2. The divisions will assemble at 1:35 p. m. at the various points hereinafter stated.

3. First Division will assemble upon the east side of Pleasant street, right resting at the Portsmouth Savings Bank, Market Square, and will consist of the following:

Union of Police
Chief Marshal
Chief of Staff and mounted aides
U. S. Naval Band
U. S. Marine Corps
U. S. Blue Jackets

Volley by U. S. Marines
Taps by Bugler

8. At the conclusion of the exercises, the will be reformed and will return through South to Junctions Ave., 5 Parrott Ave., to Playground, with rear parade by Marines and Blue Jackets, passing in review of Commandant of Portsmouth Navy Yard and other officials.
Dismissal.

By Order,
MAJOR CLARENCE B. HOYT,
Chief Marshal.
A. George W. Coram,
Chief of Staff.

COURT OF INQUIRY AT NEWPORT

Westport, R. I., May 27.—The naval court of inquiry which for four months has been investigating charges that he anti vice squad operated by the Navy at Newport in war time was able of various practices came here today to hear testimony from Asst. Secretary of the Navy Roosevelt and John R. Rathbone editor of the Providence Journal.

MORE THAN 1,000 A. A. TRACK MEET BIG I. A. ENTRIES IN

Philadelphia, May 26.—With more than 1,000 entries the forty-fourth annual track and field championship games of the Inter-collegiate Athletic Association of America will be staged at Franklin Field here on Friday and Saturday (May 28-29). In many respects the meet will be the most important staged by the Association in some years. The performance of the winning athletes take an added interest due to the proximity of the Olympic Games and the college track coach whose pupils succeed in capturing the point trophy and championship will stand out prominently as a candidate for the position of trainer of the American Olympic team which will represent this country at Antwerp.

The return to normal conditions in college athletics following several years of war activities also brings competition back to the high plane which always marked these athletic contests. More than 30 colleges and universities are expected to be represented by teams ranging from 10 to 40 individual athletes, including two strong contenders from the Pacific coast, California and Stanford, with excellent winning records made earlier in the season, will be the far west invaders but it is not expected that the middle western institutions will figure in the final result of the meet as private societies went into a slumber the Western Conference games set for June 4-5 are occupying the attention of the athletes of that section to an unusual extent this season.

Close followers of college track athletics are extremely cautious in forecasting the winner due to the widely distributed strength of the material this year. Cornell, Pennsylvania, Princeton, Penn. State, Syracuse, Yale, and several other prominent institutions have one or more star performers in either track or field events and the prowess of the invading athletes from the Pacific coast is a factor that must be reckoned with in apportioning the points which are awarded as follows: First place 6, second 4, third 3, fourth 2, and fifth 1. In case of a

tie for any one place the points are divided equally among the contenders competing for such place.

Since the initial meet, held in 1876, Harvard has won the greatest number of championships (the Crimson total for the past 43 games being 13 victories). Cornell and Yale are tied for second place with nine victories each, and Pennsylvania is a close third with eight. Cornell has won the last five games the Harvard university record running back to the 1911 meet. Owing to the war the title contests were not held in 1917.

Thirty-eight colleges have won points at these games since the opening contests in 1876. Yale leading with 767 7-00 points, Harvard comes second with 679; Penn third with 600; Cornell fourth with 513 and Princeton fifth with 360. Michigan has accumulated 216 2-3; Pittsburgh 30 and California 82 1-2 among the teams which have entered from territory outside of the eastern portion of the country.

OOT RID OF SAWDOUST IN RIVER, IS FINED \$50

Dover, May 26.—William Wilson, of Harrington pleaded guilty in the municipal court yesterday to operating a portable saw mill in Lee, June 4, 1919, which was so constructed that the saws were kept in a tank of water. This case was brought by Fish and Game Commissioner Herbert K. Reynolds under the new legislation prohibiting sawing of timber on the Delaware River. Wilson paid a fine of \$50 and costs of \$5.70.

INTRA-RED RAYS PROTECT AGAINST X-RAY EFFECTS

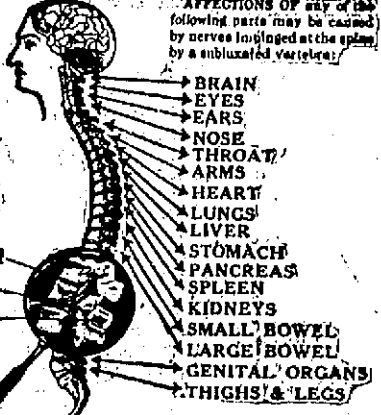

Paris, May 25.—Protection of operators against effects of X-rays has been secured by neutralizing ultra-violet rays within a phosphorus collection of intra-red rays, according to Daniel Berthelot, who yesterday announced in the Academy of Sciences that his colleagues, Dr. Lepin, had perfected this protective system.

I AM GLAD TO ENDORSE PE-RU-NA

Glad to Try Anything
"Three years ago, my system was in a terrible low down condition and I was unable to do anything but lie in bed. I was told to try anything which would relieve me. I tried Pe-Ru-NA and in a few days I was able to get up and in a short time I was able to do my usual work. I owe my restoration to health and strength to Pe-Ru-NA. I am glad to endorse it."

RATHOM CLAIMS NAVY HAD PLOT TO DISCREDIT HIM

Charged That Secretary and Assistant Secretary Knew of the Methods Used By the Newport Vice Squad

(By Associated Press)
Westerly, R. I., May 27.—John R. Rathom, editor of the Providence Journal testifying here today before the Naval Court making the investigation of the charges that the naval vice squad had used improper means in securing evidence, declared his belief that the statement made in the form of a question by Judge Advocate H. R. Hyman was part of a plot in which Secretary Daniels and Asst. Secretary Roosevelt are seeking to injure and degrade me.

Asst. Secretary Roosevelt at whose request Mr. Rathom was recalled, asked that this statement be stricken from the records and the court granted the request.

The Judge Advocate presented a photographic copy of a letter from Mr. Rathom to Attorney Gregory, dated Feb. 15, 1919 and asked that it be read not a fact that many of the war stories in which the Providence Journal claimed credit for "uncovering" spies were false. "That statement" said Mr.

Rathom, is deliberate, willful and entirely false in all that it implies, and he then added his reference to the Secretary and Assistant Secretary. The first part of his reply was allowed to stand. After he had answered in the affirmative that the letter bore his signature, he said that it was a confidential communication to the Attorney General, with the understanding that a pledge was given that the information was not to be used or the letter to be shown but to one other person, and he refused to command upon it until he could secure a release from Mr. Gregory.

Charles R. Beach counsel for the Newport inhibitors who brought the charges, said that he resented the information that Mr. Rathom's character was in question, but the court ruled the letter out as immaterial and the Judge Advocate said that Mr. Rathom's character was not questioned. Mr. Rathom said that he was unable to do anything to the previous testimony and memorandum submitted, that the vice squad used improper methods with the consent of the secretary and Asst. Secretary, but that the testimony taken by the court had strengthened his opinion.

ODD ITEMS FROM EVERYWHERE

Eight families in Salem were all prepared to move, but in the security of moments the moving all depended on one family vacating first. A child in that family came down with scarlet fever and the moving of the eight families is indefinitely delayed.

Fourteen-year-old Jennie Whitfield Chase, a boy in the eighth grade of the Haverhill schools, not only beat all the others in the food conservation class by putting up 133 cans and jars of fruits and vegetables last season, but by doing odd jobs night and day he earned all the money needed to buy the jars, the sugar, the fuel, and the food he canned.

The First Methodist church at Springfield is to have a moving picture outfit, not to be used as a substitute for regular service, but as an educational, recreational, social, and evangelistic agency.

IMPORTANT NOTICE

Rye and Hampton Beach Lines
Saturday, May 29, 1920, Hampton Beach will officially open for the 1920 season. POPE IS TO RECEIVE K. OF C. DELEGATION IN SEPT.

New York, May 26.—In order to pay his respects to the Knights of Columbus, and through them to the American people, the Pope has set aside a day in the first week in September to receive a special delegation of Knights, according to a cable message received here today by William J. McFadden, supreme secretary. This will be the first time in history that the Pope has personally conducted visitors through the vatican, it was said.

SUNDAY SCHOOL CONVENTION AT DERRY

Derry, May 27.—The Sunday School association of Rockingham county held its annual convention in Derry Thursday, meeting at the Methodist church. An Derry in on the new time, all meetings were scheduled accordingly. The session opened at 2 o'clock, with M. R. Westworth of Atkinson Depot, the county president in the chair. Dr. B. Alfred Dunn of the Central church conducted the devotional exercises.

After the business session, Miss Edith Mabel Town, educational secretary of the American Baptist Publication society, spoke on "Our Work and Our Ways," followed by Rev. J. Byron Turner, general secretary of the New Hampshire State Sunday School association, on "Are we in earnest?"

The evening session opened at 7:30 o'clock with a song service with Charles A. Sifton as leader. Mrs. A. H. Vanth of Manchester gave a stereoscopic lecture, illustrated by songs, stories and pictures. The subject of the lecture was "Through Nature to God." This convention promises to be most interesting to parents, teachers and pupils. The pictures were of unusual merit.

BOYS CAMP ON SHORES OF ONWAY LAKE

Exeter, May 27.—The Rockingham county Y. M. C. A. will expend approximately \$700 for a boys camp on the shore of Onway lake at Raymond this year, which will be opened sometime during July, and remain open a greater part of the summer.

This will be a permanent camp and will serve the purpose of camp life for the Boy Scouts and Y. M. C. A. groups throughout the county. Last year a boys' camp was located at Paw tuckaway pond, but it is expected that the new location will be better.

Yesterday afternoon a committee from the Rockingham county Y. M. C. A., composed of Secretary Percy B. Jewell and Gen. Albert N. Bow of Exeter, Oscar E. Huse of Stratham, F. L. George of Derry and Marcus Sedgwick of Raymond and the Portsmouth city committee, comprising E. Curtis Smith and Y. M. C. A. Secretary Schulzriedel went to Raymond to select the location for the camp.

DUTCH WILL RETURN HUN MINE SWEEPER

The Hague, May 27.—The Dutch naval authorities have decided to return the German mine sweeper D. Z. 18, which was interned a few weeks ago, to the German mine sweeping flotilla, from which it deserted.

The vessel was taken by the German crew into the Zuldersee. At Muiden, a little fishing town, the captain, mate and two other members of the crew went ashore in order to find a buyer for their boat, but were arrested. The rest of the crew, who were in vain for their comrades, had grown impatient, were just going to leave the Dutch waters again, when they were caught by a Dutch torpedo boat.

CONGRESS WILL REFUSE A MANDATE

(By Associated Press)
Washington, May 27.—Declaration of an American mandate for Armenia was regarded by the leaders of both houses, as practically killed by the action of the Senate Foreign Relations committee, in response to the request of President Wilson that he be authorized to accept a mandate for Armenia. The senate committee by a vote of 11 to 4 reported a resolution declaring that Congress respectively declines to grant the Executive head the power to accept a mandate. The solid republican support given the resolution in the committee, who are democratic Senator Shields of Tennessee who was opposed to the mandate, will be followed in the Senate when it is brought up for discussion.

MINERS REJECT INCREASE WAGE OFFER

(By Associated Press)
Wilkesbarre, Penn., May 27.—Declaring that class legislation had made it almost humanly impossible to wage a success strike, the hard coal miners in their Tri-District convention here today accepted the plans of President Wilson to settle their wage dispute by an arbitration commission. Pending the award, they will remain at work

and the retroactive agreement between the miners and operators, for the award to date back to April 1, to remain in force.

The contract submitted by Secretary of Labor Wilson was unanimously rejected. The agreement would give the miners a 17.88 per cent increase over present wages and grant recognition of the miners union.

NO MENTION OF PROHIBITION IN REPUBLICAN PLATFORM

(By Associated Press)
Chicago, May 27.—Beer, light wines and prohibition will not be mentioned in the republican national convention, if the present plans of the party leaders are carried out. The leaders claim that the question has been settled and neither a wet or a dry plank will be in the platform according to Committee-man Samuel Perkins of Washington.

Special correspondents of the me-

trapolis papers were upset today by the information that the Western Union would not have wires into the convention hall. Sept. Hall notified the Committee that the Building Trades Council had threatened to call out all workmen if any non-union telegraph operators attempted to install wires in the building. The Postal Company said that they had not heard anything and expected to have wires into the hall.

HOUSE WINS IN ARMY REORGANIZATION POLICY

(By Associated Press)
Washington, May 27.—The Army reorganization bill emerged from the conference today shorn of the senate proposals for the federalization of the National guard, volunteer universal training and the automatic revision in war time of the selective service act on the declaration of war. An agreement was made for a peace time army of

297,000 officers and men and to continue the national guard as it is now and to organize a reserve army which will give fifteen days a year to duty. The senate proposal that an under secretary of war be appointed to have charge of securing war supplies, was accepted in substance, but placing the duty on the assistant secretary and increasing his salary \$10,000.

FINDS MONEY COMES EASY IN AMERICA

London, May 27.—The Archbishop of Canterbury has expressed his envy and amazement at the way in which Americans are subscribing money to foreign missions abroad. He said at the annual meeting of the Society for Promotion of Christian Knowledge that the finances of the society in this country were really in a perilous plight while across the Atlantic they somehow had a genius for raising sums of money for charitable and religious objects which put England to shame.

"It made one's mouth water," the Archbishop said, "to read that the Methodist Episcopal church had secured promises for their mission work for the next five years, of £43,000,000. Its Foreign Mission Board was able to make an annual appropriation of £2,000,000 while the Church of England was struggling along to get another £20,000."

JAIL SAGO MAN ON CHARGE MADE BY DAUGHTER

Saco, Me., May 27.—Dolar A. Mercier, 41, a restaurant man, who has been engaged in business on Main St., here for a few weeks, and was planning to locate in Lowell, next month, was ordered to furnish \$20,000 bail for his appearance in the Supreme Court in September, after a hearing in the local Municipal Court Wednesday on a statutory charge.

half, will close out his business and will be taken to the County Jail Saturday to await the action of the Grand Jury.

He was engaged in business in Boston, it is said, then went to Rumford, from which place he came here.

Jeanette Mercier, who had been living with her grandfather, David Mercier, at Rumford, came here recently to live with her father. In court Wednesday, she testified that the alleged assault was committed about a week after she came here.

The father made a general denial. The authorities will make an effort to have the grandfather take the girl back to his home. There is another daughter, 16 years old who has been living with the father, Jeanette said she did not know the whereabouts of her mother.

In one way at the Philadelphia primaries there was a riot in which the ballot box disappeared and the voting booth was set on fire.

DECK PAINT
THERE is practically no fuss or bother at all in painting a floor with this deck paint. In twelve hours it is dry and hard and the room is ready for use again, while the floor is ready for years of service. Come in and ask us about it.
